

Mala Coffee Table

The Mala Coffee Table is reimagined in Spanish Marble, celebrating the natural beauty of stone through a carefully tiled surface of Spanish Beige Marble. Each piece showcases subtle tonal variation, organic movement, and the unique markings that make natural stone inherently one of a kind.

Its monolithic silhouette is defined by clean lines and generous proportions, allowing the richness of the material to take center stage. The tiled marble construction introduces depth and texture, highlighting the craftsmanship behind every surface while creating a refined interplay of pattern and scale.

Top surface finished with a protective sealer to help guard against staining and etching.

Materials: Spanish Beige Marble
Hollow timber frame

Specifications:
(Approx)
Width: 47 1/4"
Depth: 35 1/2"
Height: 13 3/4"
Weight: 280 lbs
