

Mala Desk

The Mala Desk is reimagined in Spanish Marble, bringing together sculptural form and functional design through a handcrafted tiled finish of Spanish Beige Marble. Defined by its softened architectural lines and monolithic silhouette, the desk showcases the natural movement, tonal variation, and character unique to each slab of stone.

Two seamlessly integrated drawers provide practical storage while maintaining the clean, uninterrupted profile of the design. The tiled marble construction highlights the craftsmanship behind every piece, creating subtle depth and texture across the surface.

Top surface finished with a protective sealer to help guard against staining and etching.

Materials: Spanish Beige Marble
Hollow timber frame

Specifications: Length: 55 1/8"
(Approx) Width: 23 1/2"
Height: 31 1/2"
Weight: 313 lbs
Leg to Leg Distance: 43 1/4"
