

# Pedro Oval Dining Table | 94"

The Pedro Oval Outdoor Dining Table stretches to 240cm, its softened oval top resting on two cylindrical pedestal bases, cast in concrete for outdoor living. It seats six comfortably, with rounded ends that make it easy to pull up an extra chair.

Designed to weather the elements, the smooth matte surface carries the subtle variation of a hand-finished piece. Pair with the Pedro Outdoor Chair to complete the setting.

Assembly required (table top and two bases).
