

# Pedro Round Dining Table | 51"

The Pedro Round Outdoor Dining Table pairs a generous 130cm round top with a single cylindrical pedestal base, cast in concrete for outdoor living. The round form keeps conversation flowing and seats four to six without corners to work around.

Designed to weather the elements, the smooth matte surface carries the subtle variation of a hand-finished piece. Pair with the Pedro Outdoor Chair to complete the setting.

Assembly required (table top and base).
