

Zeppelin Dining Chair

en gold

The Zeppelin Chair is where sculptural form meets everyday function. Handcrafted from Gmelina timber, its solid construction and warm finish evoke a sense of calm and considered living.

Featuring the collection's signature flared legs, a rounded seat, and a gently curved backrest, the design offers both comfort and quiet character. It's a pared back piece, grounded in thoughtful proportions and timeless intent.

- Product Details:
- Material: Gmelina wood
 - Color: Walnut
